Questions raised by interested tenderers

2. **Q:** According to Clause 6.1(e)(i) of Part 1 of the RFT, proposals must be in a type font of no less than 12 point, however Attachment 6 – Tenderer's Submission Checklist states that the Selection Criteria and annexes can be in type font 11 or 12 point and the font used in Attachment 4 – Experience Data Sheet is 10 point. What size font must be used?

A: Clause 6.1(e)(i) is correct, proposals should be provided in a type font of no less than 12 point (except for the Financial Proposal where 10 point is permitted). For Attachment 4 please use 12 point font size, although the section headings may remain in 10 point.
3. **Q:** Clause 6.9 of Part 1 of the RFT states that referees for nominated panel members' CVs may not be employed by AusAID. Does this restriction also apply to referees for the Experience Data Sheets?

A: No, this restriction only applies to the nominated personnel's Curriculum Vitae. The Experience Data Sheets may include AusAID personnel as referees if appropriate.

All other information as set out in the RFT dated 30 October 2009 and Addendum 1 dated 27 November remains unchanged.
